Hotel Accommodations in Las Cruces, NM

Primary Event Partner: Hotel Encanto de Las Cruces

Once again, ESRA and the Spaceport America staff have negotiated a block rate on rooms at the **Hotel Encanto de Las Cruces** (<http://www.hotelencanto.com/>). All rooms in the block will be offered to participants for \$90 per night. Furthermore, due to our filling nearly all their rooms the staff have graciously offered us access to one of the hotel's conference spaces, where teams may store their hardware and perform non-hazardous work on their rockets (eg electronics).

Participants may book their rooms by calling the hotel directly at 575-522-4300 or 1-866-383-0443. For participants to receive the established Spaceport America Cup group rate, they must identify themselves as members of the conference group initially when making the reservation. All reservations must be guaranteed with a one night's deposit in the form of check, money order, or credit card. After receipt of a guaranteed reservation, upon request, the hotel will forward guest room confirmations. The hotel maintains a 24 hour cancellation policy for room reservations.

The Hotel Encanto de Las Cruces is located at 705 South Telshor Boulevard, Las Cruces, NM 88011.

Please do not contact ESRA for additional information on hotel room booking. All we can do is forward your inquiry to the hotel through the same lines of communication you would use. Therefore, please contact the hotel directly for any issues concerning the hotel.

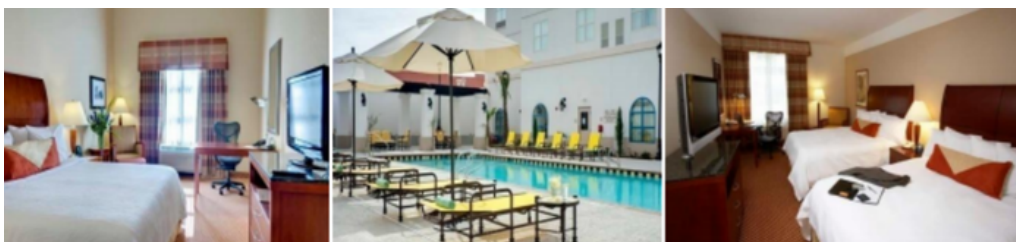

Overflow Block: Hilton Garden Inn, Las Cruces

The Hilton Garden Inn, Las Cruces will offer a block rate on rooms to participants in the Spaceport America Cup for \$94 per night. Participants may book these rooms by calling the hotel directly at 575-522-0900. Please do not contact ESRA for additional information on hotel room booking. All we can do is forward your inquiry to the hotel through the same lines of communication you would use. Therefore, please contact the hotel directly for any issues concerning the hotel.

Camping On-site at the Spaceport America VLA

Understanding that some rocketeers are more adventurous than others, the Spaceport America Crew will permit competition participants to camp-out at the Vertical Launch Area (VLA) during the on-site component of the First Annual SA Cup - beginning on the launch preparation day scheduled for 20 June.
